Elastic bands for facemasks	
Chargeurs PPC			Jake Bell		jbelle@chargeursppc.com	267-994-0730	Domestically, I am sitting on millions of yards of textiles of various construction and fibers. Globally, I have factories all over the world. We are currently making masks for the French government. We have committed to 9 million masks a week for the next 12 weeks. We are also working with various hospitals and iconic apparel manufacturers who have diverted their efforts to PPE Production strategy. That's just the raw materials side. I am also bringing in millions of three ply and KN 95 premade masks.		X	X
